Through its lineup of smart appliances, Whirlpool brand makes caregiving easier for all families

BENTON HARBOR, MI (Nov. 15, 2021) — Ahead of its theatrical release, Whirlpool brand today announces a collaboration with Disney's *Encanto*, coming to theaters November 24.

Encanto tells the story of a family that lives hidden in the mountains of Colombia in a magical house that blesses each of the family members with unique gifts. Through the film, it is clear that a touch of magic can play a meaningful role in the home. Whirlpool brand believes in the immense power of small acts of care and how a touch of magic can help make caregiving easier for all families.

"The themes presented in *Encanto* are a perfect match for Whirlpool brand. Throughout the film, Mirabel performs acts of care for her own family, with a little help from her magical home," said Nelly Martinez, senior brand manager, Whirlpool. "At Whirlpool brand, we like to think we put a touch of magic into our smart home innovations to help make acts of care like cooking easier for all families."

Through its lineup of smart kitchen and laundry innovations, such as the [Whirlpool® Smart Slide-in Electric Range with Scan-to-Cook Technology](#), families can create their own magic at home by simplifying everyday household tasks. Some of the magical connected features Whirlpool brand offers include:

“We can’t wait to share *Encanto* with audiences around the world,” said Jan Coleman, Vice President Global Partnerships & Multicultural at Disney. “It is a story about the Madrigals - each child in this family is blessed with a magical gift like super strength or shape-shifting. But at its core, *Encanto* is a story about all of our families and the relationships within our homes - even if our houses don’t come alive like the one in the film. Fortunately, Whirlpool brand brings a little magic home for us all, helping families everywhere to easily care for one another.”
